

TEXT OF PROPOSED REGULATORY ACTION

Commission Regulation 1052 Requirements for Course Certification

1052. Requirements for Course Certification.

(a) Instructor-Led Training

.....

(g) Courses for which POST has established minimum curriculum and/or hourly requirements must comply with those requirements at the time of the certification request and any subsequent presentations. (See Regulation(s) 1081, 1082, and any training specifications referenced in PAM, section D-1, which have been incorporated into regulation by reference.) An exception would be a course pilot presentation that is ~~later~~ determined to meet ~~newly adopted or~~ amended curriculum, ~~and~~ hourly, and/or course certification requirements, in which case, ~~retroactive~~ POST certification and presentation approval may be granted. In addition to meeting the curriculum, ~~and~~ hourly, and/or course certification requirements, a pilot presentation must meet ~~the~~ any additional requirements set forth in Regulations 1052-1057. Any ~~trainee~~ course attendee who has successfully completed a ~~retroactively~~ POST-certified pilot presentation shall receive credit for the training (thus satisfying the training mandate) even though the training occurred prior to the adoption of the training mandate or required curriculum/hours. POST has established the following process for implementation of a pilot program:

- (1) Any interested person may submit a request for a pilot program, in writing, to the Executive Director. Each request shall minimally include the purpose, fiscal impact, desired outcome, implementation plan and evaluation method of the pilot program;
- (2) Initial approval of a pilot program must be granted by the Executive Director with final approval granted by the Commission;
- (3) The implementation of a pilot program will be determined by POST Staff and/or stakeholder needs;
- (4) Once approved, the pilot program will apply to any POST-certified presenter on a voluntary basis, will apply to all individuals attending the pilot course, and will not exceed 18 months;
- (5) At the end of the pilot program, all data collected will be presented to the Commission and a decision shall be made regarding implementation of the amended requirements.

(h) No course shall be certified which restricts attendance to a single agency, unless the purpose of the course is to improve that agency and attendance by non-agency personnel would jeopardize the success of the course.
